

Public Works Department

April– June 2024

The Public Works Department completed **235** work orders during the April through June quarter of 2024.

Through our See-Click-Fix app, We completed **386** request. 238 of those requests were for Brush Pick up and 71 were for Bulk item pick up.

During this Quarter crews in addition to these work orders worked through multiple internal projects from the Town Center to the WWTP maintenance and Right of Way Work.

The Public Works Department had the following specific projects:

- Build, run Electric/Water, and landscaping of the new Traffic Circle at Orchard and Parkway.
- Assisted in the preparation and running of the Annual Kid fish we hosted at the Town Center Lake that set new Records for attendance and number of fish caught!
- Crew accomplished Drainage Maintenance in the Right of Ways and easements throughout the City of Early.
- We received a considerable amount of rain what has added some delays on the Crescent Sewer Project, but the Contractor is doing a good job moving through that project.
- We began plans for the utilities for the New Attwood's store that is soon to start construction.
- TC Tree and Batting Cage Irrigation
- Cut and Baled 800+ round bales of hay.
